Southwest Indianapolis Air Toxics Study

Emissions Data Validation Workshops

IDEM will be facilitating two workshops to assist businesses with the Southwest Indianapolis Air Toxics Study emissions-related information request. During these workshops, State and City of Indianapolis staff will be available to answer questions and aid in the verification and/or accurate completion of the emission-related information request that you should have received from **IDEM** in early February.

To ensure one-on-one time with our staff, you may schedule an appointment by calling Jeff Stoakes at (800) 451-6027, ext. 32725.

Walk-in visits are welcome.
